Fax: +66-2721-3515

SAFETY DATA SHEET

Company Identification

Thep Watana Co., Ltd. Address: 382 Bangpoo Industrial Estate.

Sukhumvit Road, Preaksa, Muang District, Samutprakarn 10280, THAILAND

Phone: +66(0)-2721-3510;

Fax: +66(0)-2721-3515

1. CHEMICAL IDENTIFICATION

Product Identification

Product name: indoxacarb 15% W/V SC

Product use: Insecticide

Relevant identified uses of the substance/mixture and uses advised against:

Used to act against lepidopteran larvae or insect strains that had developed resistance to organophosphates, carbamates, and pyrethroids.

2. HAZARD IDENTIFICATION

This product unlikely to cause harmful effects under normal conditions of handling and use. Can cause harmful effects if not handled and stored as per requirement.

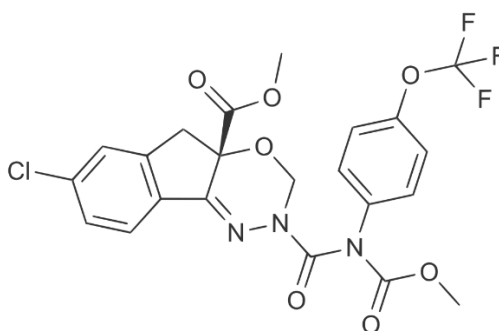

3. COMPOSITION/INFORMATION ON INGREDIENT

Chemical name: (S)-methyl 7-chloro-2,5-dihydro-2- [[[(methoxycarbonyl) [4-(trifluoromethoxy) phenyl]amino]carbonyl]indeno[1,2-e][1,3,4] oxadiazine-4a(3H)-carboxylate

Common name: Indoxacarb

CAS Number: 173584-44-6

Structural formula:

Thep Watana Co., Ltd.

382 Bangpoo Industrial Estate Sukhumvit Rd., Preaksa, Muang District, Samutprakarn 10280, THAILAND

Phone: +66-2721-3510

Fax: +66-2721-3515

Ingredients and composition: Active ingredient – Indoxacarb 15% W/V

Chemical family: Oxadiazines

Formula: $C_{22}H_{17}ClF_3N_3O_7$

Molecular weight: 527.84 g/mol

4. FIRST AID MEASURES

Description of first aid measures

In case of swallowed:

If swallowed induce vomiting by giving a tablespoon of salt in a glass of warm water.

Repeat until vomit fluid is clear. If problem persists obtain medical attention.

In case of eyes contact:

Irrigate promptly with plenty of water. If problem persists obtain medical attention.

In case of skin contact:

Remove contaminated clothing. Wash skin with water. If symptoms develop .obtain medical attention. Contaminated clothing should be laundered before re – issue.

In case of Inhaled contact:

Remove patient from exposure. Obtain medical attention if ill Effects occur.

5. FIRE FIGHTING MEASURES

Flash point: 103.3 °C (217.8 °C)

Auto ignition: 266.5 °C (511.7 °C)

The material may form flammable dust clouds in air.

Extinguishing Media:

Water spray, foam, dry powder or carbon dioxide.

Fire productive hazards:

A self-contained breathing apparatus and suitable protective clothing should be worn if involved in fire with other materials.

6. ACCIDENTAL RELEASE MEASURES (SPILLAGE)

Procedure for spill:

Protect against dust. Ensure suitable personal protection during removal of spillages. Clear up spillages and transfer to container for disposal. Wash the spillage area again.

Thep Watana Co., Ltd.

382 Bangpoo Industrial Estate Sukhumvit Rd., Preaksa, Muang District, Samutprakarn 10280, THAILAND

Phone: +66-2721-3510

Fax: +66-2721-3515

7. HANDLING AND STORAGE

Good industrial practice in housekeeping and personal hygiene should be followed.

Safe Handling:

Control dust formation. Avoid contact with skin and eyes. Avoid inhalation of high content of dust. Take precautionary measure against static discharge.

Storage Conditions:

Keep container tightly closed away from light and humidity. Keep away from reach of children.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Personal Protective Equipment

Wear protective equipment to comply with good occupational hygiene practice.

Eyes Protection:

The use of goggles is recommended.

Skin Protection:

Use of aprons is recommended to avoid skin contact.

Respiratory Protection:

Wear suitable respiratory protective equipment exposure to high levels of dust are likely.

Occupational exposure limits

Hazardous Exposure Limits In Air:

1. TWA is 15 mg/m³ 8 hour average basis.
2. STEL is 20 mg/m³ On daily average basis.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical stage:	Liquid suspension
Color:	Cream color suspension
Odor:	Oily
pH:	4.5 – 7.0
Boiling point:	Not applicable
Melting/ Freezing Point:	Not applicable
Flash point:	103.3 °C (217.9 °F)
Auto ignition:	266.5 °C (511.7 °F)
Flammable limits:	Not pertinent
Vapor pressure:	2.5 x 10 ⁻⁸ Pa (ai)
Solubility in water:	Insoluble
Specific gravity:	1.04
Oxidizing properties:	Strong oxidizers

Thep Watana Co., Ltd.

382 Bangpoo Industrial Estate Sukhumvit Rd., Preaksa, Muang District, Samutprakarn 10280, THAILAND

Phone: +66-2721-3510

Fax: +66-2721-3515

10. STABILITY AND REACTIVITY

Hazardous reactions: Incompatibility with other materials none reasonably foreseeable

Hazards decomposition products: Toxic and irritating hydrogen fluoride or toxic gases may form in case of fire

11. TOXICOLOGICAL INFORMATION

Information on Acute toxicity for end product, Indoxacarb:

LD50 (Oral, rat): 3,619 mg/kg

LD50 (Dermal, rat): > 5,000 mg/kg

LC50 (Inhalation, rat, 4h): > 2.7 mg/L

Skin irritation (rabbit): It is mild irritation to skin in rabbit.

Eye irritation (rabbit): It is not irritating to eyes in rabbit.

Skin sensitization: It is found to be a non-sensitizer in the standard guinea pig sensitization test.

12. ECOLOGICAL INFORMATION

Persistence and Degradation: Half-life in soil is less than 17days.

Effect on effluent treatment: No data

Toxicity

Fish – Acute toxicity:

Rainbow trout,

LC50 (96 h): > 100 mg/L

Daphnia magna,

LC50 (48 h): 235 mg/L

Birds – Acute toxicity:

Bobwhite quail,

LD50: > 98 mg/kg

Mallard ducks,

LC50: > 5,620 mg/L

Invertebrates – Acute toxicity:

Algae (*Selenastrum capricornutum*),

EC50 (5 days): 33.2 mg/L

Arthropod – Toxicity:

Bee,

LD50 (oral): 104.5 ug/bee

13. DISPOSAL CONSIDERATIONS

Dispose of empty, used containers:

Disposal should be in accordance with local or national legislation.

14. TRANSPORT INFORMATION

The data provided in this section is for information only. Please apply the appropriate regulations to properly classify your shipment for transportation.

UN No:	3082
Dangerous Goods Class:	9
Packaging Group:	III
Hazardous:	Yes
Marine Pollution:	Yes
Other information:	"Keep Away From Food "

15. REGULATORY INFORMATION

It is used as Insecticide.

Acute: Yes

Chronic: No

Fire: No

Reactivity: No

16. OTHER INFORMATION

This data sheet is prepared in accordance with directive 91/155/EEC

This product should be stored, handled and used in Accordance with good industrial hygiene practices and in conformity with any legal regulations.

The information contained herein is based on the present state of our knowledge and is intended to describe our product from the point of view of safety requirements. It should not, therefore, be construed as guaranteeing specific properties. Recipients of our product must take responsibility for observing existing laws and regulations.
